Under culvert and into desert section, then turn into WORCS course, ½ mile into desert terrain, then moto jumps modified to be less dangerous two quarter mile sections of moto, return to desert then into the Enduro section and finally finish into scoring.

Schedule lists all details of the weekend. 60–80-degree weather.

SSTB Pre Race Report- Three separate 25-mile loops for Big Bikes. Follow traditional format. Best of previous years Panaca races in one place. Flyer to follow soon.

Coyotes Post-Race Report- 42 entries total. More than the previous two years. The peewee race had its issues, but it was addressed and parents helped. 85cc were great but a handful of bikes did not have lights. Informed parents of the issues. Big bike turn out were great. Thanks to other clubs that jumped in to help. Lessons learned for the 50cc race. No injuries. Excited for next year.

Unfinished Business-

Caselli Markings- Two races will be using these current markings. Lets discuss if we want to use them period, next year or remainder of the year?
