Another issue was with headsets. Rider to rider and pit to rider. We didn't vote the rule out and was lost in updates.

DQ position from racer Ben discussing the reason for DQ. There was an incident where he ran out of gas at the checkpoint. Kody states he was berating the checkpoint workers. He was asked to move his bike but refused. He was in a high speed area and as a bike went by he apparently interfered with another rider.

Ben states there was no complaints about him with other riders.

He states that workers would help push the bike out of the way. They wouldn't help with gas or radio.
