Land Use: Bob Adams –

How many of you have read and commented on the monument issue? We need to comment and let them know we are alive and active. We need to voice so they know that we are here and have a voice. If we don't, they will feel they are working for no one. We need to comment and get and/or help others to comment also.

We have an opportunity and we need to act now to have issues in our favor in the future.

We need to pick and vote on an area for us to adopt in September's meeting. Choices are Apex, Jean, or Nelson Hills
