## **Vice President Report**

Kody is working on rulebook and redundant rules.

He received great feedback on the last three races and people are excited about the differences.

## **Treasurer Report**

Financially we are doing OK. Mototally still has problems with team races.. (night Races)

He contacted Kurt Casselli Foundation for 2024 marking. Caution tape will be the only problem. They only ask us to follow there directions on markings.

Clubs that have gone to more permanent markings will continue to use until they need replacing.

If you do two races with the insurance company the first is full price and the second is half.

Coach has a box of markings that can be used for clubs currently. They only have to ask.

The county commissioner wanted to know what they could do to help SSTB. Coach mentioned the lathe is the big cost as well as trophies.

He is suggesting we get creative with trophies and other financial support.

If we order in time we can get pink ribbons and markings.

We are here to help just keep MRAN in the loop.
