Officer Reports

President: Joe Amey- Please get all voting members to Joe, this includes their email. Must  
have, at

minimum, non-comp MRAN card. Also be included in the roster. Enjoyed the different  
format of racing

at the Jackrabbit race. Thanks everyone for a great year.

Vice President: Kody Livreri- 2026 Rule Book. Banquet.

Head Referee: Jarrod Wheeler-. Misses Las Vegas. Wyoming sucks and says it's the worst  
decision he's

ever made.

Assistant Referee: Garett Darr – Nothing to add

Website: Patricia Swolensky- Updated the 2026 calendar, will add SNDR event date.  
Gambler flyer will

be added too.

Public Relations: Vacant

Scoring: Suzie DiSanza – Scoring was difficult with the co-sanctioned but better than  
NHHA. Still adding

riders and correcting results. Overall points have been updated. Has fixed all issues sent to her. Will go

over high-point rider, just working on high-point rider. The only race not added to Mototally is SNDR.

This is pending their confirmation of a race. Chuck: SNDR race will be on November 7 th . Registration will

open December 9 th . Many Grassroots racers came to the 50 Nov Class. Issues with Grassroots telling

MRAN racers conflicting information.

Legislative Officer: Steve Paxton– Nothing to add this month.

Secretary: Courtney Snodgrass - Not Present

Treasurer: Coach Collins- Not Present

#### Special Reports

Jackrabbit Post Race Report

Kyle: Does not know the total amount of MRAN riders. Suzie: 102 riders from MRAN. Total increase from 300 riders last year to 500 riders this year at that event. No injuries reported. May

possibly add this same Mesquite event next year.

#### New Rules

35+ AA

Gary- Other organizations have this class. Top 30+, 40+, 50+ racers need a class to be competitive after

winning their series repeatedly. Give the top vet riders a class to be more competitive in. 50% payback.

Qualifications? Similar to AA currently or make it a money class? Thinks more riders would stick the full

season if they had a chance for the respective 30+, 40+ and 50+ classes. Joe- Thinks amateurs and novice

riders would start winning their respective championships. Gary- Understands that point but thinks

more racers would feel they would have a chance at a championship and stick around. Garrett- AMRA

had 6-7 consistent AA 35+ racers in the series.

#### ② Team Race Class Update

Kody- Explained the rule. Jarrod: Transponder stays with the bike. Joe: Issues may be with team

classification(Expert, Novice). Garrett- It would be hard to enforce with just one transponder with the

rider. Suzie- The way Mototally is set up it would be tricky to have two individuals count towards one

individual. The rider of record must compete with the bike. Designated area for riders to swap

transponders. Joe- It will be hard to enforce the team swap and the team will invite more issues being

competitive. Kody- What if the rider scanned their helmet mototally plus their team mototally? Jarrod- It

could technically work. Gary- Other series seem to have no issue. Suzie- There is a fundamental issue

with Mototally and whatever work around used will be more work for scoring. Her suggestion is the

rider of record would have their class be “T” then add the second riders mototally tag would be

Sportsman. You would then add those numbers and times together. Kody – Expert and Amateur divison,

unlimited teammates, open class, highest level rider dictates the class. Specified rider change will be in

the pits only. Breakdown on course DNF. Dave- Will update the rulebook as the rules progress

Unfinished Business-

Discuss MotoTally and Starlink Purchase

Joe- Garrett wanted it. Did anything come from it? Garrett- No on Mototally, Starlink we need. One for

payments and secondly for rider registration and scoring. Gary- Will sponsor a satellite for the 2026

season. Garrett- Will need another laptop or tablet.
